

Mauna Kea Technologies Postpones Release of its 2022 Half-Year Financial Results

Paris and Boston, September 20, 2022 - 5:45 p.m. CEST - Mauna Kea Technologies (Euronext: MKEA), inventor of Cellvizio®, the multi-disciplinary probe and needle-based confocal laser endomicroscopy (p/nCLE) platform, postpones release of its 2022 Half-Year Results, which was originally planned for September 22, 2022, to not later than October 31, 2022.

The delay reflects the diversion of management resources as required to implement the Company's previously announced joint venture with Tasly Pharmaceutical.

The company will release its new financial calendar shortly.

About Mauna Kea Technologies

Mauna Kea Technologies is a global medical device company that manufactures and markets Cellvizio®, the real-time in vivo cell imaging platform. This technology provides unique in vivo cellular visualization that allows physicians to monitor disease progression over time, assess responses as they occur, classify areas of uncertainty and guide surgical interventions. The Cellvizio platform is used in many countries around the world and in several medical specialties and is transforming the way physicians diagnose and treat patients.
